# Madam Curie, Graphic Biography (Saddleback Graphic: Biographies)

## Synopsis

Fast-paced and easy-to-read, these softcover 32-page graphic biographies teach students about historical figures: those who lead us into new territory, pursued scientific discoveries; battled injustice and prejudice; and broke down creative and artistic barriers. These biographies offer a variety of rich primary and secondary source material to support teaching to standards. Using the graphics, students can activate prior knowledgebridge what they already know with what they have yet to learn. Graphically illustrated biographies also teach inference skills, character development, dialogue, transitions, and drawing conclusions. Graphic biographies in the classroom provide an intervention with proven success for the struggling reader. Features: Full-color drawings engage the reader. Each biography is complete in 32-pages. Speech bubbles and nonfiction text on every page. Powerful graphics capture and hold student interest. Highlights: Fast-paced nonfiction stories. Strong characters and powerful role models.

Best Sellers Rank: #1,652,299 in Books (See Top 100 in Books) #68 in [Books > Teens > Literature & Fiction > Comics & Graphic Novels > Biography](#)

## Customer Reviews

Good simple material for my little girl to learn the achievement of one of the greatest scientists ever and the ONLY nobel price winner in 2 different science disciplines (Physics and Chemistry).

Graphic novels capture the interest of many students. This one was no different. I'm not sure my 5th grade student would have read anything about Marie Curie otherwise, but by reading this she found Marie was a fascinating person. I will order more from this series.

Great!

This book is done in the style of a comic book. This makes it very inviting to the younger children.
