The Dateable Rules: A Guide To The Sexes

Synopsis

Take *Wild at Heart* by John Eldredge and *The Mystique of a Woman* by Jean Lush and turn it into something that gets the attention of busy teens and you begin to understand *The Dateable Rules*. This interactive guide takes up where *Dateable* left off and walks teens through the Bible's insights about men and women. Guys will learn that God loves adventure and that there's a difference between a spiritual and a physical adventure. They'll also learn how to be a gentleman (open her door and carry the box of leftovers from dinner, etc.) Girls will learn that beauty is defined by God, not supermodels, and that if they talk too much, they lose. They learn the secrets of staying confident and letting a guy lead. **How It Works:** Bible Study: a study that can be used by an individual couple or a whole youth group. Focus Group: a time when guys and girls get the lowdown on each other's gender. Guys and girls or groups can talk about what they learned in the week's study and discuss the truths of Scripture. Workbook: offers lots of things for readers to do, from writing down all the bad things they have said about another person and confessing them to God to going back to the point in time when their femininity or masculinity was squashed and allowing Jesus to redefine that moment. Each section is filled with interactive activities that help students better understand God's plan for men and women. *The Dateable Rules* isn't about teens getting more dates; it's about learning to understand the opposite sex and making good choices based on the truth!

Justin Lookadoo is a former juvenile probation officer turned author and speaker whose hard-hitting humor and in-your-face message connects with teens. He lives in Nashville, Tennessee. Hayley

Morgan developed and created Extreme for Jesus, a multi-million unit selling brand for teens. Her new company, Hungry Planet, is a teen think tank based in Nashville whose expertise is understanding and connecting with teenagers.

I started reading it and thought it was a different book. I never finished. Would not read it alone. Definitely for a partner or a group of people who are strong in their faith.

...and your friends all want to jump on, then this is the book for you. If your just reading it by yourself, I don't recommend it.

The book was a very good shape and shipped within a reasonable time. Good reseller!

My 16 yr old daughter asked me to order this for her and she loved it!

I bought this book for my daughter about a year ago and she has put into practice many of the principles of the book and she is only 14. She has passed it around to all of her freinds who also have taken a good look at how they conduct themselves. This book was recommended by a fellow mom whose daughter has also taken many of the principles through her high school career and has become a very special young lady that any mom would want their daughter to look up to, thanks, in part to things explained in the book. It puts things in teen-speak that makes it easy for kids to relate and apply to their lives. Though I bought this for my daughter, I will be passing it to my son soon to read, as it is good for both genders. Be sure to read enough of each section as a parent yourself to see when it is age appropriate, as kids mature at very different rates. My personal opinion is that kids around middleschool age (again, age appropriate is up to you) should read this book as hormones are kicking in so they can have some good tools to fall back on when beginning to "like" the opposite gender and carry into dating.

Great follow up to "dateable; are you? are they?" loved it for my daughter! Highly recommend his book for teenagers.

these are Justin's words about how women. He goes on to talk about how they should be quiet and attractive for men. But here. Here. It's UNBELIEVEABLE how much he encourages rape culture and old old gender ideas. Plus he clearly wants to touch little girls. It's completely crazy."Please, please

don't tease us. To show us your hot little body.... And then tell us we can't touch, it's being a tease. You can't look that sexy and tell us to be on our best behavior."Not only is that blaming girls for being harassed because of their CLOTHING, but it's telling boys they are animals who can't control themselves. Justin lookadoo is a nasty, horrible man who may preach the support of God, but who speaks and behaves in a way that is VERY un-Christian.

This book is very insulting to men and woman. I would not want to date anyone who thought that the features this book describes make you dateable. I would only recommend if you have a shortage of firewood...
