Divine Healing Made Simple: Simplifying The Supernatural To Make Healing And Miracles A Part Of Your Everyday Life

Synopsis

The Most Comprehensive Book Ever Written About Divine Healing Divine Healing Made Simple is a training manual for the supernatural life, providing street-proven instruction for healing the sick in any type of setting. In addition to healing, the book teaches about prophetic ministry, street evangelism and making disciples. This book takes a bold approach, addressing the difficult questions that many authors have avoided. Through dreams, online discussions and hands-on experience, the author has discovered the answers to some of the most common questions people have about Christian healing, deliverance and raising the dead. Three chapters are devoted to the problems of why some people are not healed and why some people lose their healing. This is the first book on healing to harness the power of Facebook. By hosting discussion questions on Facebook, the author has collected the wisdom and experiences of hundreds of divine healing technicians. This may be the most comprehensive book on healing ever written. Miracles are happening every day through the prayers of average men and women on the street and in workplaces. This book celebrates what God is doing today and shows you how miracles, signs and wonders can become a part of your everyday life. You'll be encouraged and given hope by the testimonies and dreams you'll read about. Here Is A Preview Of What You'll Learn:

What Readers Are Saying: "I read the book and it is the most solid book, other than the bible that I have ever read. This will become my new handbook for all my future discipleship training!" ~ David "I started reading the book last night and am loving it! I needed a word from God, He led me to the "Persistence Pays Off" chapter and guess what? Today I prayed for a friend and through our persistence and faith she received 100% healing :D Yay Jesus!!!" ~ Flaminia (UK) "I love the simplicity of this book- the raw honesty. There is no longer an 'us and them' in terms of who can heal and who can't." ~ Dommi (UK) "A book that will bring you to a simpler place and understanding of the truths behind healing the sick." ~ Cameron "The authenticity and pure heart of the author comes shining through in a way I truly appreciate." ~ Kody "Praying Medic is not just an example but he is a teacher as well. Solid teaching made

simple. He leaves you with that feeling this isn't so hard, I think I can do this. ~ Mark
"I have read a lot of books about healing, prayer, spirituality, and things supernatural. It is very rare that so many different aspects of the topics of healing and the supernatural workings of God are not just found in one book, but looked at from a very pragmatic, down-to-earth perspective. ~ Loire ~ "Wonderfully down to earth. It's both incredibly practical and remarkably inspiring. ~ NWP Get your copy today! Tags: healing for today, healing dreams, healing anointing, God's healing

I'm a paramedic working in Phoenix, Arizona. My life's goal is to teach people how to live their lives as ambassadors of God's kingdom. The books I write are intended to inspire, challenge, teach and if necessary, provoke you into a deeper relationship with God.

I have studied Divine Healing going on two years, and agree that Praying Medic has written a book that provides a soup-to-nuts, easy-to-read view of living a supernatural life in the Kingdom of God. While I have read numerous books, watched on-line videos, and studied from some of the best leaders living the supernatural lifestyle yesterday and today - I have hoped for a single book that I could share with family and friends that explains Kingdom concepts in a straightforward way. The Holy Spirit has accomplished this through Praying Medic - who covered all the necessary topics from healing to deliverance and fasting, kept it simple, shared his personal stories and testimonies,

and made Divine Healing within reach for everyone. I am back on-line to buy more copies to share!

I really enjoyed this book. The honesty and experiences found throughout this book very enlightening. If you are a disciple of Christ this book is for you! I enjoyed the insights from Praying Medic's experiences regarding healing throughout his life and the challenges and also the victories that he has had following the leading and instruction of Jesus to heal the sick and bring wholeness to the people that he encounters. There are parts of this book that have spoken very strongly to me and I have had to go back and meditate on some of the things that I never thought of before. Praying Medic does an outstanding job of relating scripture throughout and brings some interesting ways of interpreting scriptures on healing that I have not thought of before. Also, his relationship with the Father really stands out in this book as being the foundation for everything that he does. This is definitely a great book for someone interested in bringing healing to others. We all have the authority and power to bring healing to those we encounter. Praying Medic gives us some great tools and strategies to use to help fulfill healing in other's lives. This is definitely a book that I will reference in the future when given the opportunity to minister healing to others.

I have read many books on healing from many big name Christian authors trying to build my faith for healing myself as well as others. I have just finished this book on my Kindle and I am sitting here amazed. This author explains healing in such a normal down to earth way that I actually believe maybe I can too. He testifies in the beginning he was shy and not very confident and worried he would look stupid, exactly how I feel. I now feel I too can be used by God to lay hands on others and pray and expect positive results. This book is a good read, very interesting stories and like getting very practical advice from a guy just like me. My daughter is in the last months of her RN training and I purchased this book for her and had it shipped directly to her home. She works in the field of hospice and sees lights above people and "knows" to almost the second when a person is going to pass. She knows God is using her and I believe this book will help her further her work for God. I highly recommend this book for anyone desiring God to use them in healing as I know He desires everyone to do. He also helps in dream interpretation that I am also interested in. I must say this is an EXCELLENT book.

This is the "must have" book for anyone interested in healing. It's a page turner. I do not recommend the digital version. Too many pages. Plus you definitely want to highlight notes and dog-ear pages to return to later. Maybe even take with you on your healing quests. Truly worth the

money. By the way, you may want to add the digital version of the late Oral Roberts book from 1942, "If You Need Healing, Do These Things". For me it answers the question about how to add faith's role in healing. (No, I'm not benefiting in any way from this recommendation. Just information.)

This book is a MUST READ for anyone searching for answers in healing in the supernatural. My Testimonial (out of three); I did what the author taught and prayed over a woman in Ohio, who was bed ridden from a minor stroke and had back pains. I asked her what her pain level was, in tears she told me 12. I grabbed a hold of her ankles and prayed and commanded for the spirit of infirmity to come out of her and to be healed in Jesus Name (Our Spiritual Contract) After about five minutes of praying (my first time praying for someone), I opened my eyes, tears were flowing from her face. I asked her what her pain level was now and she said ZERO!! told her not to be lying to me! (Faith = confidence!) She told me she felt a warm fuzzy feeling come over her whole body where the pain (spirit) was GONE and she felt at 100% peace. Every Christian in America needs to buy this book. We all have been lied to. We ARE the church!

Each topic is addressed and kept to a manageable amount of information. Very easy to read and understand. The thoughts, quotes and instructions are easily accessible for future reference. The author stays focused on real life situations and not just theory that has never been tried and tested. The authenticity and pure heart of the author comes shining through in a way I truly appreciate.

This book is just what it promises to be. Praying Medic takes what can be a hard-to-understand issue--it's actually a very misunderstood mandate to the church and each member of it--and does the unthinkable. He makes it practical, doable, even simple. You don't have to be new to divine healing to glean something here. By walking us through his own learning process and experiences, he gives us an up-close-and-personal look into the life of someone who sees the supernatural on a daily basis. And he gives away all his secrets.
