PRAISE FOR RED QUEEN: "A sizzling, imaginative thriller, where romance and revolution collide, where power and justice duel. It's exhilarating. Compelling. Action-packed. Unputdownable." (USA Today) "Aveyard weaves a compelling new world of action-packed surprises... inventive, character-driven." (Kirkus) "A volatile world with a dynamic heroine." (Booklist) "Breakneck pace and engaging characters." (School Library Journal) "[Aveyard] sets her audience up for a gaspworthy twist that reconfigures nearly every character's role and leaves Mare with no one to trust but herself... This blend of fantasy and dystopia will be an unexpected and worthy addition to many genre fans' reading list." (Bulletin of the Center for Children's Books) "Fascinating world building... Readers will be intrigued by a world that reflects today's troubling issues concerning ethnic inequality, unfair distribution of wealth, pollution, warfare, political corruption, and the frightening power of the media." (Voice of Youth

Victoria Aveyard was born and raised in East Longmeadow, Massachusetts, a small town known only for the worst traffic rotary in the continental United States. She moved to Los Angeles to earn a BFA in screenwriting at the University of Southern California. She currently splits her time between the East and West coasts. As an author and screenwriter, she uses her career as an excuse to read too many books and watch too many movies. You can visit her online at www.victoriaaveyard.com.

I will attach a silent flip-through video of the entire coloring book and will post some photos of this book so you can judge for yourself if it suits your needs. I was really happy to see a coloring book based on the Red Queen series. I had a little problem figuring out which scenes were which and who each of the characters were. It would have been nice if some sort of info had been printed on the back of the page to make it easier to figure out. The book is made up of 45 design pages (not including intro page.) The designs are in two separate categories which are character based scenes and sayings/quotes. Most of the designs are of characters. The sayings/quotes make up 16 of the design pages and are done in a lovely banner style in both cursive and block letters. The character designs are beautiful and elegant. They also appear to be hand-drawn which is my favorite style of coloring designs. The character designs are detailed and some have intricate and small areas to color. The sayings/quotes are open and flowing and will be fairly easy to color. I, personally, like having both in the book. The sayings/quotes pages will give me an easy

“down-time” project in between the more involved character pages. This is what I experienced while coloring in this book and testing the paper with my coloring medium: 45 Designs pages (including character scenes and sayings/quotes) inspired by the Red Queen series. Designs are printed on one side of the page. Paper is white, medium weight, ever so slightly rough (good tooth for colored pencils) and perforated pages. Designs (character scenes only) cross over perforations and merge into the binding area. The sayings designs stop short of the perforations. If you break the spine (heavily crease it), you can get the book to lay fairly flat for coloring. Alcohol-based markers bleed through the page. Water-based markers and India ink pens leave shadows on the back of the page. Gel pens did not bleed through but required additional drying time. Colored pencils work well with the paper. It has just enough tooth to grab pigment well. I was able to layer the same color for deeper color, layer multiple colors well, and to blend easily using a blender stick. I tested both oil and wax based pencils. I use card stock as a blotter page under my working page to keep ink from seeping through to the design below. You can also simply

remove pages from the book before coloring to avoid this issue.

I am a huge fan of the series so this was a must have. Honestly, I'm not big on coloring, so I don't know how the book rates on that front. But from what I can tell, the drawings are beautiful. As the previous poster noted, I too had difficulty deciphering what was going on in the scenes. It also took me a second to determine who the characters were. One thing I wish we had was a map of the Red Queen world. I know it probably isn't particularly fun to color, but I would have liked to have one here just the same. Anyway, I would say, if you are a fan of the series, you can't go wrong with this purchase.

Wow!!!! Not just for children. We fell in love with the Victoria Aveyard series, and what a better ST. VALENTINE'S DAY gift to give my daughter-in-love (yeah, that's right...Daughter-in-Love) who is a Graphic Design Major graduate than the Official Coloring book from this series????? SHE LOVES IT. She's already completed some of the artwork, and I can't wait to see it behind the glass , in her series she's creating dedicated to Victoria Aveyard!!!

Fun book to color that goes along with the story line. My daughter loves it.

This was a five star Christmas gift for my niece! We're both huge fans.

Daughter loves it!

Loved the book so I couldn't help get the coloring book too. Would have liked more scenes in it but oh well, hopefully they make another one!

Love it!
