Try (Temptation Series Book 1)

Synopsis

Try â “ verb: to make an attempt or effort to do something or in this caseâ |someone. Sex. Logan Mitchell loves it, and ever since he realized his raw sexual appeal at a young age, he has had no problem using it to his advantage. Men and women alike fall into his bedâ ”after all, Logan is not one to discriminate. He lives by one mottoâ ”if something interests you, why not just take a chance and try? And he wants to try Tate Morrison. Just coming out of a four-year marriage with an ex-wife from hell, a relationship is the last thing on Tateâ™s mind. Heâ™s starting fresh and trying to get back on his feet with a new job at an upscale bar in downtown Chicago. The only problem is, Tate has caught the unwavering and unwelcome attention of Mr. Logan Mitchell â “ a regular at the bar and a man who always gets what he wants. Night after night Tate fends off the persistent advances of the undeniably charismatic man, but after an explosive moment in the bar, all bets are off as he finds his body stirring with a different desire than his mind. As arrogance, stubbornness and sexual tension sizzles between the two, it threatens to change the very course of their lives. Logan doesnâ™t do relationships. Tate doesnâ™t do men. But what would happen if they both just gave in andâ |tried?

Customer Reviews

Try by Ella Frank is book one in her highly acclaimed Temptation series and if you haven't heard of it or the two MCs Logan Mitchell and Tate Morrison, you MUST be living under a rock. Seriously, this book is one of the first mm romance books I read, back when it was a new release and I was hooked! So started my transition from lover of hetero contemporary romance to lover of all mm romance. Now almost 4 years later I rarely read hetero romance. I owe it all to Logan and Tate, they ignited the spark in me! So, why am I reviewing a book almost 4 years late? Well, back when I originally read this amazing story it seems I failed to review it! *hangs head in shame* So, to right that wrong here we are! So, let's talk about Try. There probably isn't a lot I can say that hasn't been said over and over in numerous reviews, but I must Try. (Hahaha sorry, I am just a little dorky) Ok, our MCs as mentioned earlier Logan Mitchell, he is confident, suave, has a mouth on him that would make a sailor blush, goes after what or who he wants, and he doesn't stop until he is happy. Who does he want? Well, the sexy bartender known as Tate Morrison. Tate, he is the man who is happy just blending in, spending time with his family, working towards his dream of one day opening a bar of his own. Recently divorced he has never looked at another man and had any attraction not even a blip on his radar. So, when Logan walks into his bar and starts flirting up a storm with him he is both flummoxed and on edge, he can't understand why this man won't take no for an answer. Logan however doesn't see what the problem is he after all is a lover of all, man or women, it doesn't matter if he finds them attractive he goes for it. Now if he can just get Tate to overcome his doubts, worries, and fear just get him to try them once. He is sure the chemistry and encounter will be enough to warrant a repeat or two. So I like to try a little bit of everything and everyone. The words sank into Tate's head, settling in, and then they started to make a whole lot more sense until Logan, as usual, threw another can of gasoline on the fire. I'd like to try you. There is a lot of cat & mouse action in this book, so if you like a book with a good chase and a satisfying resolution Try is just for you! 5+ Stars for book one in The Temptation series if you haven't read it what are you waiting for?

4.5 Stars**Where do I start? I stumbled across this amazing love story by Ella Frank thanks to an amazing series after a recommendation from a friend. Reading book 1 was an experience I won't forget. I couldn't put it down, I don't think I slept the entire weekend as I consumed this book and quickly picked up book 2. Ella Frank did an amazing job at creating a story of two men who fell

together in a way they weren't prepared for. The raw emotion that these two characters possess is amazing. Logan Mitchells loves sex, always have it, regardless of whether or not it's with a man or women. He discovered this at a young age and has used it to his upmost advantage. Factor in that he is one attractive man and bam, he gets what he wants. What he wants now, or I should say who he wants now is Tate Morrison. Tate Morrison is fresh out of a divorce with his ex wife. A relationship that was utterly brutal on him and he just wants to start over new and fresh. What he wasn't expecting was the attention to come from Logan. Tate has always found himself purely attracted to women, but for every night he resists, Logan tries to up his game and eventually Tate's body starts responding to what Logan is planting in his mind. Will Tate give in and see what Logan is all about? Will Logan give in to a relationship? I loved their story. Everything about this story had me dying to find out what was going to happen next with these two characters and where their story was going to go. Once I finished book 1, I quickly picked up book 2 to continue the journey with Logan and Tate.

I am so grateful to my friends who convinced me to dive into the MM genre. If they hadn't I would have missed out on a lot of beautiful and in this case super-steamy stories. Logan is a hot shot lawyer with the face of a fallen angel. Relationships are for other people, he much rather enjoys what life has to offer and leaves before things get serious. He is irresistible, has a mouth that spouts inappropriate things at any given time. His tongue is silver, his mouth a weapon he uses at his leisure. Logan doesn't discriminate, he takes men or women depending on mood and gusto and when his eyes fall on Tate he knows he must have him. Tate is the new bartender at the bar Logan usually visits after work. The divorce from his wife is in process and he can't wait to be free of the shackles. When Logan starts flirting with him he fights the attraction because, well, hello...straight? But Logan takes. He is one pushy guy who doesn't give up until he owns what he wants. He whittles away at Tate's resolve to resist Logan. Tate in return has a hard time dealing with his conflicting feelings. One night he decides to explore them and ends up in Logan's bed. As days and weeks go by Logan and Tate keep seeing each other. Logan realizes that with his new obsession he has gotten more than he bargained for when Tate gets comfortable with the fact that he actually likes and is attracted to a "him". This book is so full of steam. When it gets too much I start to skim. I didn't skim a single time, I just went to change my panties. Their interaction was off the charts scorching. Tate was a wonderfully likable character who stood his ground when Logan became too pushy. He gave back as good as he got. Logan...don't you wish you had somebody like that in your life? Not for a relationship but as a friend? He has no filter and calls it as he sees it, and that in such

an inappropriate fashion that you can only laugh and shake your head. However Tate surprises him at every turn and at some point he realizes that Tate might be his future. When Logan makes himself vulnerable he is a revelation. Pure, unadulterated beauty. The unspoken feelings between them are tangible at any time and there is nothing else you can do than root for them. I was left breathless with emotions that lurked between the steamy times. Can't wait to read "TAKE."
