Customer Reviews

This is REALLY helpful if you want to prepare your book for Kindle. Until I read it I was struggling like anything to get the format right so that the text and the pictures didn't all turn up in the wrong places. Now that I know how to do it it takes no time at all and comes out right every time. Highly recommended!

I expected more from this book (I do not know how to create stunning text pages.

Mark Watson has become a household name among those who read, purchase, and write

children's books. In my latest review of his new book, I wrote "Author Mark Watson was born in England, and illustrator Pablo Michau in South Africa, both now live in Mataro, Spain where Mark teaches English and Pablo works as a freelance illustrator/graphic designer. After their first collaborations THE SHARK IN THE PARK and MILO & ME the two men committed to working exclusively on children's books. We, the readers, are the winners. Their shared sense of creativity and sensitivity as well as a natural sense of what will entertain a child and provide some important character building blocks is not only evident here- it shines! But now Mark strikes out on his own with first THE TRAVELLING CIRCUS and now HAIRY FAIRY which introduces his fantasy rich illustrations by Dorian Strongolo, Drew Geraci and Max Rambaldi. Mark's books are radiant with novel, completely wild ideas all coming together to make a fine and most entertaining story. The rhyming verse is rich in humor and imagination and is very well composed. For example - 'Why are you up there anyway?' asks the little boy. Perplexed. 'An accident with my boss's cat, she's a witch and she's vexed. She caught me misbehavin' and said 'That's the end of that. Go sit on someone's head and YOU OWE ME A CAT!' I thought that she'd never stop, "blah-de-blah-de-blah" but then she cast this spell on me and well, here we are.' Mark summarizes the little story for us - 'A fairy tale with a difference! A fairy tale with attitude! A fairy tale with a top-knot and a beard! It's Saturday morning and Jack wakes up to find an unwelcome visitor, the Hairy Fairy, sitting on his head! Banished by his boss, an angry Witch, the Hairy Fairy has been sent to sit on someone's head for the day in punishment for (allegedly) destroying her cat! Jack already has plans, today is Jamboree day with the scouts so he has no choice but to take the Hairy Fairy with him and, as you can probably guess...CHAOS ENSUES! The Fairy wants to make some stuffed tomatoes but fairy dust sprinkled on the veg only makes them grow...GROW TEETH! He also manages to summon the wrong picnic basket and accidentally starts WORLD WAR THREE!' Enchanting rhyming verse, exquisite illustrations and a super adventure that simply is restorative and makes the reader feel good. Searching for dreams - a great goal and a wonderful destination. Highly recommended for children and art loving adults. The review speaks for itself. What the glory of this new book lies in Mark's willingness and eagerness to demonstrate just how he became successful in formatting children's books for Kindle. He first explains the fixed-layout format of Kindle books "full screen pictures with the text included as part of these pictures. Each page is an image, like a photograph. He then takes us through the process step by step with more helpful information than imaginable. For those who want to write for Kindle Mark offers this page by page instruction manual with all the secrets in a most accessible manner. Just one fine book from a master of his craft! Highly recommended. Grady Harp, July 17 This book is free on Kindle Unlimited
