Customer Reviews

I didn't know what to expect from this test. It was a challenge and I was scared about it. I found these flash cards to help quiz myself and I was glad to have them. They seemed really comprehensive and I was pretty sure they would have everything on them that I needed to know for the test. I also felt like they didn't waste any of my time. Not only did they jump right in to the important topics, but they saved me time because they were ready to go. I didn't have to do anything to prepare my study sessions. They went through each section I needed to study and highlighted the important areas of those sections. I was so glad to have something small, yet helpful. I could take them with me everywhere I went and study them little by little so I could process the information as I took it in. These cards made the test a little less unpredictable. I still didn't know what the questions would be, but at least I knew the answers to any possible question! The test itself felt almost easy once I knew these flash cards. They prepared me very well.
