Customer Reviews

John Darling is to the Great Britain airgun hunting community what Jack O'Connor is to the American big game hunting community. John has a clearly understood writing style with which he shares his vast airgunning knowledge and experience. He has a pleasant wit and does not hesitate to poke fun at himself. Even though written in Great Britain, John's book still has a lot of useful info. for American airgun hunters. He prefers spring piston powered rifles which can be encouraging to those who can't afford PCPs. It was well worth my money.

This is a must for air rifle readers. Darling is passionate about the sport and the animals taken. If you can get the book, it is well worth your time to read it. Also good to read if you hunt any species of animal. This is what real hunting is about, not just trophies but a life style of the outdoors.

Good resource
