Customer Reviews

You can not beat it for the price. It has some good songs listed that are easy to play.

In line with her other works, fair bit not too complicated. I found myself singing the songs before I could get to my ukulele. Did not expect complicated structures, it's aimed at newer students and it should make them feel comfortable. It made me happy!

I am disappointed with this song book (although I loved

 what I find the most aggravating is that the chords are turned 90 degrees from the other books in this
 series. ĀfĀçĀ ÆœĀ Ā ĀfĀ Ā Ā,Ā Ā•

The is easy to follow and the songs are well known. The arrangements are easy to sing and provide lots of enjoyment when sung with others.

as described, fast service, Highly recommend!

Can't even adjust print size without things becoming fuzzy. Waste.

I enjoy singing along.
