Customer Reviews

Applied cleanly and vibrantly, just was expecting a book of tattoos, not just 6-8 tattoos. Guess the packaging fooled me. Designs are a little dated, but certainly magical.

These were great because they fit exactly what I need to to give someone who loves unicorns and they are glittery!

I may have had expectations that were too high, but I didn't realize that this booklet was only two pages. You get the promised number of tattoos but there's really not much to them. I ended up returning it as it was for a gift exchange and I purchased other items and didn't end up needing it.

These are incredible.

I have ordered these at least six or seven times already. These are the best fake tattoos I have seen anywhere. My nieces absolutely adore them (and so do I;) They are so cool and they definitely have a throwback 80's vibe to them. Fabulous!

didn't really care for the artwork but they went on easily and stayed on.

I thought it was a book of unicorn tattoos, but the tattoos on the covers are the only ones included. It's like something you would get out of a vending machine at walmart. Pretty disappointing actually.

Practically magical! Great gift for a little girl who's parents you hate!
