Oil Lamps II: Glass Kerosene Lamps

Synopsis

This comprehensive hardbound edition holds over 200 full-color photos of the beautiful kerosene lamps. Years of research have made this guide a very informative work and a must for collectors. 2003 values. AUTHOR BIO: Catherine Thuro is a researcher, lecturer, writer, and museum consultant in the field of early lighting. She has authored three volumes on oil lamps, which have become standard references in the field. She has lectured to museums and clubs in the U.S. and Canada, including the Sandwich Glass Museum, The Royal Ontario Museum, The Ford Museum, The Huntington Galleries, The Early American Industries Association, and The Early American Glass Club. REVIEW: This is the second volume in a three-volume series by author Catherine Thuro, one of Canada's leading authorities on early lighting. Her books are highly acclaimed and are considered required reading by collectors.

Customer Reviews

Catherine Thuro's second book is an excellent reference source that should be useful for the serious collector and someone just starting out. There are a lot of fine photographs in color and B&W. It is a good companion to her first book, which is about 360 pages, and very thorough. Of the two books I like the first book the most. The first book covers a lot of territory and has a lot of information in each section. I would recommend buying both books, you will not regret your

purchase

Thank you!

Very happy with the book.

more towards the fancy oil lamps. was looking for something that was for the normal everyday glass oil lamps

Great book! I found the lamps I had been looking for. I finally know what, when and how they were put together. A lot of pics!

good reference book

x-mas gift

Ok
