## Synopsis

The O Manuscript, a real-life Gnostic thriller, has sold over 60,000 copies in Denmark, the equivalent of 3 million in the United States, since it was first published in 2000. Lars Muhl was for many years a successful pop star who studied the world's religions and esoteric knowledge between gigs and recording sessions. When a nervous-system illness sidelined him in the mid-1990s, he turned in desperation to a spiritual healer who was able to get him back on his feet after a single phone call. Intrigued by this mysterious man, Muhl traveled to southern France to become his apprentice. Together, Muhl and the healer, who is known in the book simply as "The Seer," embark on an adventure that is part history lesson, part Jedi-style initiation. "My work with The Seer began on Montségur, the holiest site of the Cathars, the medieval French religious sect that was persecuted by the Roman Catholic Church," notes Muhl. "It was the middle of summer and the hike up the mountain is pretty strenuous. At the same time that The Seer was testing my physical endurance, he was breaking down my emotional resistance. He taught me how to let go of the burdens from my past." Towards the end of his apprenticeship, after years of searching for Montségur's secret cave, Muhl finally stumbles upon it. Inside he finds himself in the presence of "O," the Messenger of Light; the source of all things; the symbol of ecstatic union. O tells Muhl, "Everything mankind longs for is, and has always been, within his reach. If he would only acknowledge this there wouldn't be anything else to look for. When this happens mankind will step out of his self-made prison and into reality." The O Manuscript is not another book about positive thinking. Throughout his initiation, Muhl was forced to confront his dark side, the shadows that kept him from true health and wellness. "This is my journey," says Muhl. "Every word of it is true and really happened to me, but it is also meant to be a kind of allegory. The lessons I learned are universal." Praise for The O Manuscript: "I recommend this amazing story to anyone seeking the path to enlightenment." Al Jardine, The Beach Boys "Lars Muhl tells an extraordinary tale in an extraordinary way. It is a story that, for too long, has been crying out to be told." Henry Lincoln, co-author of The Holy Blood and the Holy Grail

"This book offers so much. It is not just a book, but an experience. Order it now! There will be an awakening in whoever reads it." --T-Love

Lars Muhl was born in Aarhus, Denmark. Like Paulo Coelho, Muhl was for many years a successful singer-songwriter who, concurrently with his work in the music business, studied the world's religions and esoteric knowledge. He taught himself Aramaic, the everyday language of Palestine during the time of Jesus.

This book is another step to my spiritual learning. It has helped me in myself study and has motivated me to step further into the deeper part of who I truly Am. I recommend it highly to those who are in real spiritual studies. Mr. Lars Muhl is definitely one of my spiritual heroes.

I believe that Lars's respect and spiritual understanding led him on his journey to find answers that resonated with me. It may offend in some ways the "religious" doctrines of some. But I found it enlightening and a pleasure to read. Sad it ended, looking for more from Lars.

An amazing journey, spellbinding and expanding one's consciousness! Covering the gamut and mysteries of centuries and at the same time experiencing and being allowed to partake in the extraordinary teachings being shared. I believe the mystery and nearly 2000 year search for the "The Holy Grail" has been explained, at least to me. I am delighted this masterpiece is being translated into English!

I liked the way the author brought it all together: the divine wisdom of mankind that points to one and the same. If you can get over the fact that his journey is real or not, and can make a leap of

faith, then just by reading this trilogy you may find a peaceful sense of expansion.

The O Manuscript is more than a book. It is a soul-fulfilling companion that is a must read for anyone who is yearning for profound spiritual insight and truth. The information in this book is invaluable and you will want to read it more than once. Each of the three books within this book speaks directly to ones soul. What is equally incredible is the simple manner in which some very powerful teachings and metaphysical truths are offered to the reader. There is no one that would not benefit from reading these stories. My only warning to the reader is that you will not want to put the book down; it is compelling, beautifully written, clear and thought provoking.

This is an awesome story. A book I will keep referring to especially in times of struggle of life's purpose. I highly recommend it to all seekers of the path to enlightenment.

I like spiritual psychology and "know thyself" type books. The O Manuscript: was perfect.

Brilliant transmission of deep sacred truths .....to be read with an open heart and humble spirit....highly recommended.
