I love this book it's so cute. The lines are nice and dark but the lines are not thick. The girls are so cute and sassy. The quality of the paper is good with black on the back of each page therefore doesn't show if marker has bled through. I still use a sheet of paper behind it so that it doesn't bleed on next page. This come with two copies of each page.

This is my second Chibi Girls coloring book by Jade Summer (note that this is not a duplicate of the first one of the same title). There are 25 different designs (with 2 copies of each design for a total of 50 coloring pages.) The designs are cute fantasy girls are drawn in manga style with full backgrounds. The designs are quite detailed and some contain small areas to color. The designs; however, are not what I consider intricate and difficult to color. The word chibi is a Japanese slang term for small person. The cuties in this book are small but have beautiful big eyes and lots of personality. The designs put the girls in many scenarios, including a ballerina, a witch, a steampunk girl, a Roman warrior, an Egyptian princess and much more. While you can have access to .PDFs when you purchase this book, my review is based on the book as it is received from . That way you will know what the pages look like and how they accept color. I like that the publisher provides the digital version as well so you can choose the paper you wish to use and/or to color the pictures as many times as you choose. This is what I found while coloring in this book and testing the paper with my coloring medium: 25 x 2 each fun Chibi girl designs for a total of 50 coloring pages. Designs are printed on one side of the page. Paper is typical of CreateSpace: white, thin, slightly rough and non-perforated. The back of the page is printed black. The designs do not merge into the binding. There is a heavy framing line at the outer edges of the design to give the project a more finished look, especially for framing. Glue Binding (there is room to cut the pages out if you choose to do so.) Though you cannot see the bleed-through easily due to the back of the page being printed in black, I recommend the use of a blotter page when working in this book. I use a page of card stock or several sheets of heavyweight paper under my working page. It keeps seeping ink and marring dents from ruining the pages below. Alcohol-based markers bleed through the page quickly. Water-based markers bleed through in spots. Gel pens and India ink pens leave shadows on back of the page. India ink can bleed through if you apply heavily or multiple coats. Coloring Pencils work well with this paper. I found that I could layer the same color for deeper pigment or multiple

colors and I could blend easily using a blending stick. I tested both oil and wax based pencils. I also found that hard lead pencils leave dents through the paper.

The book is fantastic. Chibi Girls are done in so many different character settings in this book. The cover image plus Mermaid, Cowgirl, Ballerina, Dragons, Egyptian, Steampunk, Pirate, Vampire, Witch for Halloween, Bunnies, Magician, Warrior, Rockstar, Cheer, Red carpet and so much MORE. Fun and something for everyone. Details are balanced perfectly. Whether you are a beginner or advanced colorist you will find so much to do here. Need to practice skin tone or eyes? It is in this book. Cannot say enough. You will be amazed bringing these girls to life with color. You can use any of your coloring tools in this book. The pages are single sided. Two of each image in the book as well as a free PDF so you can print, practice and color some more. Jade outdid herself again. I am so excited to get started.

Yes! Another worth 10+ stars....This book is AMAZING!!!! Look at the cover it says it all....They are all sooooo adorable...Its the kinda book that takes you a few hours just to decide which one you will color first cuz there is soo many cuties...Not much more I can say about this book...except BUY IT!!! Your not gonna regret it. ãfÂ ã Å, ã Æœ ã Å

If you are a Chibi Girls fan then you are going to love this book. There are 25 different images some of which include Mermaid, Cowgirl, Ballerina, Dragon and so many more. There is literally something for everyone. Enjoy using your favorite medium as the pages are single-sided. Gel pens, pencils, markers whatever your heart desires. Don't be afraid of making a mistake because you will receive two of each image in the book and also as a special treat you can download a PDF and print your favorite images as many times as you want. You will be amazed by each unique character in this book. I have just found Jade's art work and I have fallen in love. She is a very talented artist and I will be buying more books.
