Customer Reviews

Chris Doyle's cruising guides are among the most popular in the Eastern Caribbean. Chris attributes this to listening to his customers when they tell him what they would like to see in a guide, and following their ideas when it makes sense. In this way his guides have always been highly innovative, leading the way in color sketch charts, then computerized color sketch charts, GPS waypoints, star charts and a guide-linked website where people can find corrections, download town maps, download GPS waypoints, access navigational advisories, and get links to down island

businesses.

DOYLE is always the best.

Exactly as described - in new condition and always good from Chris Doyle. Thanks for good service will use it extensively
