Customer Reviews

i loved eating Weight Watchers food, so this book helps give me great ideas for a different selection each day

Just started to read this book. I am on WW and trying to find different recipes to cook.

Good recipes!

I bought this book in hopes of getting some more ideas for main dishes. There is a very small section for this with only 6 recipes. And only 2 are 7 smart points or less, the other 4 are 10-11 smart points per serving. Very disappointed

I am not a cook who measures in grams and some ingredients I am Never heard if..sound like some very good recipe but not a book I would purchase.

Don't waste your time, just another author who can't write a cookbook for the common person with ingredients that we would normally have in our pantry.
