Touched By A Horse Inspirational Deck (Whispers From A Horse's Heart)

Synopsis

What if you could actually experience what is in a horse's heart? You could listen to the whispers of the wisdom held within and be inspired as well as touched emotionally by what was held inside. Through a lifelong relationship with horses and an extensive background as a psychotherapist, Melisa Pearce has created a fun and easy way to learn about ourselves through our interactions with horses. Inspired by the bold equine paintings of artist Jan Taylor, Melisa translated what the paintings portrayed and intuitively wrote the "message" the horses were expressing. The combined talents of these women brings to you an exquisite deck for your personal use or a wonderful gift. By using these cards daily, you will be inspired, enlightened, and encouraged to continue your journey of personal growth. It is the perfect time to be Touched By A Horse, physically, emotionally, and spiritually.

Melisa graduated Summa Cum Laude from Arizona State University as a psychotherapist, and is certified in Gestalt Therapy. As a spiritual writer and motivational speaker, Melisa touches a deep emotional cord in her audiences unlike anyone else. Throughout her career as a highly successful entrepreneur, business and personal coach, accomplished horsewoman, she is often asked to share her profound insights with others.

I love these cards. I have used them for several years when I needed to make an important decision in my life. I carried them with me when I rode my horse around the State of Nebraska and found them very valuable in my spiritual journey with the horse that I traveled with.

I have met Melisa, she has done readings on 2 of my horses. The lady is RIGHT ON. She is also a wonderful person. A friend had these & encouraged me to pick one & read it when I was around . . . finally bought my own, they are beautiful & well written . . . they help you reconnect with your soul . . .

I love these cards not only for their artistic beauty but also for the quality of the messages on the back of them. I also like the fact that the messages are individually printed on the backs of each card so that you don't have to refer to a guide book. I would highly recommend these cards to anyone!

these cards are so lovely and inspirational

I came across these at a horse therapy workshop and fell in love them. This is a lovely deck with meaningful insights on each card. The artwork is beautiful and the words are powerful. Even if you're not into horses, there's a lot to be gained from the messages.

These cards are really beautiful to look at. The deck cost much more than your average deck and I don't know why as I own many beautiful decks. But I wanted a horse theme deck and these cards were perfect

From the moment I got Melisa's horse cards, my life has changed. Whenever I pick a spiritual card with a different horse and thought, it somehow reflects what is going on in my life at that moment. This validation comforts me and guides me to continue in that direction. The spectacular, unique artwork stirs my soul. These cards will make a great gift for the treasured people in my life. If you like angel cards, you will certainly enjoy the beauty and grace of these unique horse cards, which enlighten your day. Nancy Dutton, Boulder, Colorado

These cards were a gift so I did not open to review them. However the person who got them said they are beautiful.
