Customer Reviews

Book by Insight Guides

I mainly use the Insight Guides to learn about the history and character of a place and build anticipation for a trip, rather than as a practical guide once I arrive. The photographs in the Insight Guide series are fantastic, and there are always good descriptions about the character of people, cities and countries. I sometimes read Insight guidebooks to learn about a place, then leave them at home, and take my Rick Steves' for once I arrive.

It lacked the maps of the cities that were to be in a pocket in the back cover of the book.

This is an excellent collection of excursions in and around Oslo and Bergen, Norway. Fodor's has valuable additional information, which I suggest you photocopy and leave in your hotel room after you've reviewed it. The Pocket Guide is compact and light and can easily be carried around. It also has a very good pull-out map of both cities with the excursions highlighted.
