Succulent Serenity, Cactus Calm: A Stress Relieving Coloring Book For Adults

Synopsis

Succulent Serenity, Cactus Calm is an adult coloring book featuring 35 original hand illustrated designs perfect for relaxing. This is the second book in this series, and it offers all new designs including many pages with multiple plants. The drawings highlight desert plants and are perfect for the garden lover. Varying levels of difficulty help this book work for everyone. There is white space and while there are small details, none are so tiny that they're hard to fill with color. Each book page is printed on one side only so you don't have to worry about bleed-through, and you can easily remove them to hang as we've left room around the designs for cutting (and you won't have illustrations that disappear into the fold). Several extra "notes" pages are included for testing colors or journaling. Artwork from this series has been featured in national publications and on the Color & Hang Wall Art Panel products.
