Great pix and info

Really pleased with this. Like the small format as it fits in our camper van easily. Great photos. Title makes people want to look at it.

The book itself is a good read very informative. Do not buy this for a kindle because the pictures are so small it's a pain in the rear trying to size it trying to look at them.

Poor Quality....simply 'googling' such destinations gives better results - and better pictures.

Terrific book with camping locations I wasn't aware of, loved it!

birthday present for my sister, she loved this book

Great product!!

Such as described. Quick delivery. I'm really happy to have this book. If you're searching something that gives you information about the places to camp AND some great tips of the best areas.
