We, (my 1 y/o daughter) and I, love this series of books by cottage door press. The flaps are engaging and the edges are nice and chunky so she can flip them without assistance. They have held up well to repeated (enthusiastic) unsupervised readings because of their durable construction. The rhymes on each page are short and cute and I can confidently say these books will be well used. The Little Yellow Bee is probably our favorite so far.

My son loves these books, and they are well made so they stand up to his abuse! At 19 months he isn't interested in just regular books yet, we need something he can interact with and these are perfect.

Well rec'd book for 9 month old and mom.

Sturdy book with flaps that should work for a long time.

Adorable story book. Very well made. Not the kind of "lift the flap" book where the flaps rip off.  
Sweet story.

my great granddaughter loves it

Very nice little board book. One year old grandson enjoys looking under the flaps!

I have been buying Ginger Swift books for my year old grandson since he was 9 months old. He loves them and loves to interact with the pages. Look under the flap and see what's there! Oh, what fun!  
Great books for little ones!
