In the last week I have bought 5 books on naming your baby and this one by far the WORST. Total complete royal waste of time that stressed us out and annoyed big time. Badly organised, nothing in alphabetical order and all variations of one name are all over the place and impossible to gather together. After seeing Aishlyn in 5 different spellings all over the book, I gave up and returning for refund. DISASTER, do not waste your time!

This book is excellent for the meanings of names after you find one you like, however, I did not give

it 5 stars because the names are not separated into boy and girl names which means I have to have a second book. If you want a scriptural meaning for your child's name, then I would get this book, but otherwise, the other name books have the meanings and origins as well.

Has the name origin, what it means, what it means spiritually, as well as what verse in the bible is related to it. The front of the book explains how they got all of that information for each name. Look up both your first and middle name. We shared this info with my 6.5 year old son and he LOVED knowing the info since it helped him understand himself more as it resonated really strongly within him. It truly describe who he actually is. I highly recommend it. I strive to provide useful reviews, so if this was helpful to you, please give my review a thumbs up :)

This is a beautiful book with just about every name you can think of and the meaning in the bible. This is the perfect book for anyone who is about to have a new one join their family. Now mind you this is a Christian related book. If you do not have the same beliefs then of course I would suggest you go a different route.

Really good book with definition to every name out there. The origin of the name, how it's pronounced and what it means. Pretty cool. I sat there and read name after name picking when I was picking out a name for my child. This would be a nice present for an expecting mama! Go ahead and buy it for yourself or for the expecting mama to be ;)

The only complaint I could say was the one name I had already been interested in was not in this book! Strange since it has over 10,000 names lol

Very comprehensive list of names, origins & meanings. It was very helpful.

I did not like this book. I found no names that I liked, it's almost like they are all middle eastern names or something; just a strange collection of names. I returned it.
