# The Drunken Cookbook

## Synopsis

Whether it's a quiet glass of Chardonnay in a well-heeled wine bar or tequila shots at 2 a.m., drinking has a way of leading to hunger. All too often, we cave in to the booze munchies and settle for 7-Eleven fare or a dreadful diner. But there is another way. A better way. A Quick Couscous Chicken Biryani, Authentic Smoky Chicken Burritos, and even Spicy Thai-style Pork Burgers can be delectable and, more importantly, achievable with *The Drunken Cookbook*. Â Replete with satirical commentary on the vicissitudes of inebriation, *The Drunken Cookbook* also includes a series of tests to help the reader determine how drunk he or she is. Blessedly, *The Drunken Cookbook* takes into account the reader's intoxicated state and limited capacity to understand directions; safety warnings are a feature of each recipe, and risky techniques (like deep-fat frying) are excluded from the text.

## Customer Reviews

MILTON CRAWFORD is a pseudonym for a dignified Englishman. Crawford made a name for himself with *The Hungover Cookbook* (Potter, 2010), and his passion for alcohol is matched by his love of food, travel, watering holes, and the outdoors. He divides his time among London, Austria, and India.

I bought this as a component to "The Hungover Cookbook" as a gift for a friend. We've since read through it and I'm reviewing now. This combines the humor of a silly coffee table book with the

practicality of actual recipes that can be made when intoxicated. A perfect companion for taking camping or leaving at a vacation house as I'm sure it will come in use. The recipes are easy enough to navigate when inebriated and likely healthier than snacking down two bags of potato chips or ordering pizza. In addition, it's something social to engage guests that may not be able to get themselves home.

I briefly read through this and the beginning is hilarious. Testing people on their drunkneAuthor is pure genius level before cooking, brilliant! I bought this for a Christmas gift and thought it would pair nicely with a locally distilled bottle of whiskey!! Here's hoping she enjoys her gift

This was a gift for a friend, and she absolutely loved it. The book is hilarious, and kept us amused for a good while. While most of the receipes are more English as is the humor, and therefore more American may not make many of the receipes, there are still plenty of appetizing options, and still an enjoyable read. It's a small hardcover book, but well worth the price. Again, it's extremely funny, and even more so if intoxicated. My only qualms were that the book was delivered and had a scratch on the brand new cover, and not knowing about the style of recipes ahead of time, otherwise, it was excellent. Overall, I'd absolutely buy again as a gift, or even for myself!

I bought this as a gift for my girlfriend who was turning 21. A lot of the recipes were not what I was expecting; they were fancier then I would consider most "drunken" recipes should be. The quizzes are fun to read through, and she did get a good laugh from reading through it. Just be aware that the recipes may not be what you are expecting.

Bought this for a white elephant gift. It was very popular. Lots of giggles.

The recipes aren't that great, though the book itself is a fun read. Good for a gag gift.

Good for a laugh

Didn't care for the recipes in it. Was disappointed. Loved the stories though.
