Kovels' Dictionary Of Marks: Pottery And Porcelain, 1650 To 1850

Synopsis

Completely different from any other book of marks ever published, this dictionary provides the quickest way to identify American, English, and European porcelain. Once a piece is identified, research and experience (the color, texture, weight, and general "feel") tell the rest of the story. The unique index of 5,000 marks, listed by prominent features and with a complete cross-reference, shows at a glance geographical location of mark, factory or family name of manufacturer, type of ware, method of producing the mark on the object, color of the mark, and date when the mark was used. The authors have included a foreword, bibliography, index of manufacturers, and a reliable guide to the often misunderstood marks of Delft, Sevres, and England 1842-1883.

Book Information

Hardcover: 278 pages

Publisher: Crown Publishers; Revised edition (May 30, 1995)

Language: English

ISBN-10: 0517701375

ISBN-13: 978-0517701379

Product Dimensions: 5.8 x 1 x 8.3 inches

Shipping Weight: 11.4 ounces

Customer Reviews

"As millions already know, any book carrying the Kovel byline will be as reliable, informative, and fact-filled as any collector could wish."--American Country Collectibles
"What the Kovels don't know about antiques isn't worth knowing."--House Beautiful
"The Kovels are arguably the authorities on antiques and collectibles in this country."--Los Angeles Times

Completely different from any other book of marks ever published, this dictionary provides the quickest way to identify American, English, and European porcelain. Once a piece is identified, research and experience (the color, texture, weight, and general "feel") tell the rest of the story. ware, method of producing the mark on the object,Â Â color of the mark, andÂ Â date when the mark was used. The authors have included a foreword, bibliography, index of manufacturers, and a reliable guide to the often misunderstood marks of Delft, Sevres, and England 1842-1883.

So far...I have found none of the marks I have searched for.

Too old and difficult to understand

good

Very slow shipping, and product outdated.

I like buying antiques but I want to know what the mark looks like it helps me know if its real this book is good for those who are looking for items made 17 hundred 1800.

My markings were not included. I was disappointed. I thought they would be included. This book was not as thorough as expected.

A great help in identifying some of those marks.

My sister was ecstatic when she opened her gift. She uses it daily.
