Customer Reviews

Not very informative at all - certainly NOT worth the 10 bucks they are charging for this book. You can get the same info for free Googling "Sex in Costa Rica" & read what's available online for FREE - - - so SAVE your \$\$

Overpriced pornography with no useful information. Guy goes on vacation, meets some hookers writes a "book". Seriously doubt all of these girls pictured in the book are the real thing and if they are then long gone. Join a grain or two outdated truth, mixed in with some bull-s, to make it seem entertaining. Real price of the book should be about 50 cents. Low quality.

Product is as advertised!

This guide is nothing short of informative, inspiring and down right amazing! Having lived in costa for a short time I felt like the book was about me...Being fresh into Latin America I had to learn a lot of those mistakes through trial and error! I wish I would have had this book then, things would have gone a lot smoother for me, and the knees that I had to hammer at times! Discussing the types of Mongers there are in this hobby of ours is spot on. Although I have a trait from every single one of them. I think this should be called a "diamond monger"! (A guy who is laid back, goes with the flow, not a jealous personality buy any means, likes to drink socially buy always maintains cool guy status and never gets loud and obnoxious, makes a little above medium income, still works but can live any where in the world he chooses(and this is an oilfield position overseas that allows you to work 6 months and have off 6 months, making a 12 month wage. I think it's the best job ever! Haha!), a guy who knows the brotherhood of the monger society and will never break the monger code for any woman or love by showing a woman the monger network. To me this would be the "Diamond Monger". And on another note I really like the links to the hotels in jaco! Super awesome information, and all that is said from, how s*** dirty San Jose is to, there are other things beyond mongering activities is all true! And if I can say one thing about this guide for all the readers to absolutely listen to..."If you decide to invest in Costa Rica, you have better chance of putting your life savings on a Roulette table, because this way when you lose you won't want to kill anyone other than yourself"!

A must read before your first trip. Great info for any single man traveling to CR, San Jose or Jaco Beach.

Great writer and full of useful information

If you are looking for Good Tailor, or the best place to catch a cricket match in San Jose this is NOT THAT type of Gentleman's Guide. However, if you are looking for a straightforward primer on where and how to meet the beautiful Tica's of Costa Rica, then this concise little tome is an absolute download for your tablet or smartphone for your plane ride down to Paradise. For a novice, it gives enough guidance to quell those newbie jitters, For the more experienced traveler, Jonesie gives a "Consumer Reports" breakdown of the various venues. The book is sprinkled with amusing anecdotes about the various "Players" and he closes with some sage advice for potential investors to CR and most importantly to those guys who might harbor the idea of forming more lasting

relationships with the temporary girlfriends they meet on their travels.

I ran into this piece of trash "jonsie" while visiting one of the players he talks about; yes, the pictures are real and he is unlikely to ever return to Costa Rica. A similar low end sex peddler is serving time in Costa Rican prison for writing about and promoting prostitution. This guide is low quality and a person's hit piece on this "Jonsies" rivals whom called him out.
