Customer Reviews

An Innocent on the Middle Fork: A Whitewater Adventure in Idaho's Wilderness

I would recommend this book to all outdoor historical enthusiast. Eliot DuBois does a great job describing the beauty and hazards of floating the Middle Fork of the Salmon River at a time when equipment had not evolved to today's standards. An Innocent on the Middle Fork.

It's very fun to look back on an adventure that occurred in 1942 that still holds fun for someone today.

The author takes us on two journeys, forty years apart. In 1942, an inexperienced DuBois ran the Middle Fork of the Salmon River becoming the first person to run the river solo. If you have experienced this most challenging and beloved of America's rivers and wonder what it was like in earlier days, this book is a must. Filled with history and whitewater excitement and thrills, the author speaks with passion comparing his two trips and the regulation of the river today.
